**Fifth Annual Pop's Run Raises More Than \$5,000 for Amyloidosis.**

Members of the Nassau Wings Motorcycle Club present a check for \$5446 to the Amyloid Research Team at Boston University School of Medicine (BUSM). The money will be used to support the Stem Cell Transplant Unit of the new J. Joseph Moakley Building, set to open in summer, 2006. The 60-mile motorcycle ride took place in New York in August. BUSM is a leading amyloid treatment and research program in the United States.
