Dear Friends:

Thank you for the tremendous gift of \$7,755.00 from the Nassau Wings Motorcycle Club to support the research of the Amyloid Treatment and Research Program at Boston University School of Medicine. We were delighted to see so many of you on October 3rd. Your "in person" presentation is a highlight for us! We are so grateful to you for your hard work each year to support amyloid research.

Your gift helps us develop new treatments for patients with amyloidosis and supports basic research. Only a few years ago there was no effective therapy and patients with this disease lived for only 1 to 1 ½ years. Now, several treatments are available and the overall survival has increased to five or more years, with some patients having a complete remission from their disease. Your gift helps support research in the Gerry Amyloid Research Laboratory on the molecular basis of amyloidosis. This research paves the way for better understanding of the cause of amyloidosis and leads to targeted therapies.

Our progress in basic and clinical research would not be possible without the support of donors you. It was great to see you once again. On behalf of all my colleagues, thank you so much for being part of our team.

Sincerely,

David C. Seldin, M.D., Ph.D.

Thanks + great to see you all.

Mr. Jaime A. Cruz

Nassau Wings Motor Cycle Club, Inc.

Dear Mr. Cruz:

On behalf of Boston University School of Medicine and all the Amyloid patients your generosity will help, thank you very much for your recent gift of \$7,755 made to the Amyloid Research Fund.

We are pleased that the generosity and support of the patients and friends of our Amyloid Program have enabled Dr. David Seldin and his team to make steady progress in the quest to find a cure for amyloidosis.

Thank you very much for your contribution and your support of this all-important research here at the School of Medicine.

Sincerely,

A handwritten signature in black ink, appearing to read "Karen Antman".

Mr. Jaime A. Cruz

Nassau Wings Motor Cycle Club, Inc.

Dear Mr. Cruz:

Thank you very much for your recent gift of \$7,755 made to the Boston University School of Medicine Amyloid Research Fund.

Your support provides greatly needed resources for the School and enables important work that would not otherwise be possible. Your continued generous support of the School is very much noticed and appreciated.

Thank you very much again for your generous investment in the School of Medicine.

Sincerely,

A handwritten signature in blue ink, appearing to read "Elizabeth Pickman Flanagan".
